School Transport Information Statement No.10/2020

# School Transport Maximum Cash Fare Schedule

## Fares–Based and Kilometre–Based School Bus Services (effective 28 January 2020)

## Cash Fares for Passengers on Kilometre–Based and Fares–Based School Services

The *School Transport Maximum Cash Fare Schedule* applies to all school bus operators who have a Prescribed School Service Contract for Fares-Based School Services and Kilometre-Based School Services and sets out the maximum cash fare that a bus operator can charge.

A fare can be charged in certain circumstances where a passenger undertakes a journey that is not funded by the Department of Transport and Main Roads.

The fare payable by a passenger is calculated by the shortest trafficable distance between the point where the passenger boards the bus and the destination point, not necessarily aligned to the bus route.

Where a journey for a student exceeds the journey funded by the department, the operator may charge the student an excess fare, known as a top-up fare. For information on how top-up fares are calculated refer to *The School Transport Assistance Scheme* which is available at www.translink.com.au/schooltransport.

It should be noted that the *School Transport Maximum Cash Fare Schedule* is the maximum allowable fare and is not a mandatory fare schedule.

Where an operator's individual fare schedule indicates fares below the maximum allowable, the fares in the schedule may be increased by only a maximum of 10% each six months, until the maximum fare is reached.

In the case of a fare increase, adequate notice must be given to fare paying passengers and the Department of Transport and Main Roads.

There are no restrictions on discounts on weekly, monthly or term tickets as long as the maximum approved single fare is not exceeded.

The maximum cash fare levels are reviewed from time to time by the Department of Transport and Main Roads. Operators will be notified of any changes that occur.
