

Our consultation

The consultation ran for seven weeks and provided an opportunity for you to have your say on the new DRT trials and provide feedback to help us have the final design of the service. We collected your feedback by:

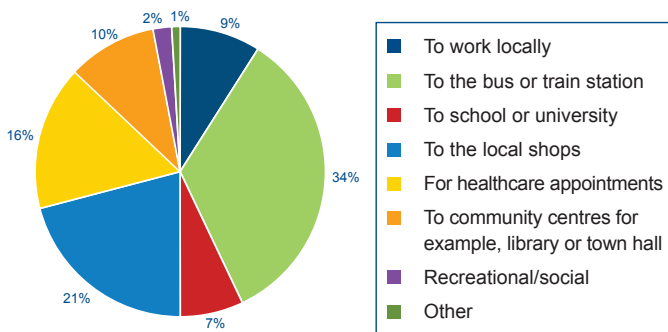

- Survey** (hardcopy and online)
- Interactive online map**
- Discussion boards and quick poll**
- Community information sessions**
- Stakeholder briefings**
- Customer Liaison Officers on network**

Would you use DRT?

When asked if you would use DRT as a way to get around locally, 67 per cent said you would and many of you would recommend DRT to your friends.

When would you use DRT?

Hours of operation

When asked when the service should operate you said:

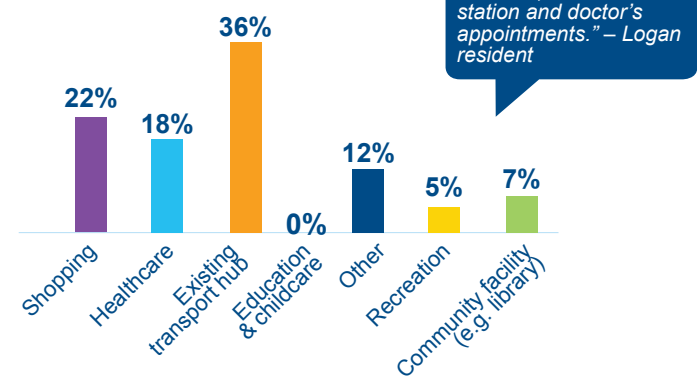

- To connect to early and late buses and trains
- To match shopping centre hours
- Be available on weekends
- Early start for shift workers.

"Feeder to the park 'n' rides would be great."
– Logan resident

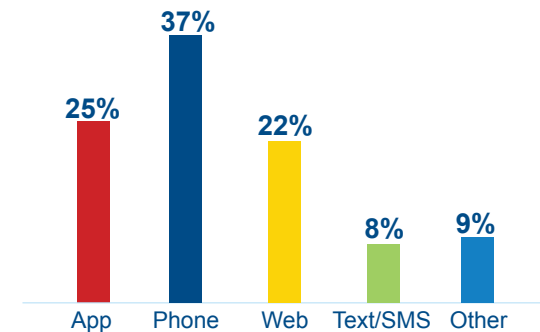

How you contributed

DRT Destinations?

Booking preferences

Benefits to the community

- Increase connectivity to major transport hubs and community facilities
- Increase social inclusion
- Proved greater accessibility for all community members
- Provide more choice to customers
